Board of Directors Releases 2020 Annual Report

Oneonta, New York – January 26, 2021

Opportunities for Otsego Board of Directors is proud to release its 2019-2020 Annual Report. This report to the public highlights agency and program accomplishments, new initiatives, and a statement of financial activities for Fiscal Year 2020.

In a message from the Chief Executive Officer, Dan Maskin reflected on the COVID-19 pandemic: *“The entire Opportunities for Otsego team, from direct line staff to management to board members, have achieved impossible things under unimaginable circumstances. Their jobs were hard before, but despite unpredictable challenges, they continue to advocate and provide hope and opportunity to working people and low-income families...As we move into 2021, I look forward to focusing on issues of diversity, race, and equity, and helping our community recover from the social, emotional, and financial impacts of COVID-19.”*
